Nursery Grown Evergreens *and* Collected  
Native Trees, Shrubs and Plants

FOR SALE BY

L. E. WILLIAMS, NOTTINGHAM, N. H.

FREIGHT, EXPRESS AND TELEGRAPH, LEE, N. H.

I Make a Specialty of Collecting Native Tree and Plant Seeds.

WHITE PINE SEED, \$1.50 per lb.

## LOCATION.

We are located 60 miles northeast of Boston on the B. & M. R. R., in direct communication with Boston and New York. Freight rates low.

This is a comparatively new section which the botanist and collector has not invaded. Here we find a larger part of our trees and plants in their native wildness.

These are entirely free from scale and other injurious insect pests which are so destructive to vegetation further south.

---

## TERMS.

Terms cash. Parties unknown to us must send cash with order or good reference.

Boxing and packing at cost. We pack in the best sphagnum moss.

We are not infallible and are ready to correct any mistakes or errors which we may make, if our attention is called to them at once.

---

## REMARKS.

We furnish trees and shrubs of any size suitable for transplanting, and a large number of shrubs and plants not quoted in this list.

We make special prices for large lists for public and private grounds.

We have an especially fine lot of *Viburnums*, *Pinus strobus*, *Tsuga Canadensis*, *Vacciniums* and Ferns.

## NURSERY GROWN EVERGREENS.

---

I have a fine lot of Nursery Grown Evergreens with good roots and good tops.
